**Sub: Offer Letter for Internship to assist in the Back End Development**

We are pleased to inform you that **Eye On Universe** is offering you an Internship starting from **1-Jan-2025 to 30-Apr-2025** to assist the backend development team and hence you should be ready to learn the latest technologies and implement them. You should participate in back-end development, utilizing server-side technologies such as Node.js and Express.js and maintenance of databases, API integrations, and server-side logic.

You are required to engage in regular discussions, exchanging ideas, and contributing to the creative and technical aspects of our projects.

Office timing will be from 9.30am to 6.30pm. The mode of working is both "Work from office" and "Work from home". Kindly keep the systems updated.

During this program, you should be punctual, attentive, and follow the instructions of the project guide. You are not supposed to copy any data and distribute it anywhere without permission.

Yours Sincerely,  
**V. Saju Joseph**  
Founder

## **Company Profile**

Eye On Universe formerly known as Imagine Web Technologies (IWT) was established on 11-March-2024, with a Vision to become a Tech-driven company working in the field of Information Technology to begin with and gradually expanding into various Technologies like AI, Robotics, Semiconductors, Space Technology. We want to contribute to the environment and significantly generate employment for a vast country like India. We want to model the company around R&D and Training.

Imagine Web Technologies (IWT) was established on 11-May-2006, with an intention to serve the IT Industry in 3 specific areas IT Solutions, R&D, and Training and create employment opportunities for all the budding IT aspirants. Today IWT is focused purely on Training. R&D & Solutions is handled by Eye On Universe.

Our biggest asset is our team who are committed to reaching our Mission with full zeal and enthusiasm.
